NEW EC FLAVORING REGULATION WHERE WE STAND

New regulation has been published (Regulation (EC) No 1334/2008 of December 16, 2008)

31 - 12 - 2008

20 - 01 - 2009

20 - 01 - 2011

A preparation period of 24 months
allows industry a smooth adjustment

Publication
in the Official
Journal
of the EU

Entry into force

Mandatory compliance with the Flavoring Regulation
National regulations continue to apply until then
Foods lawfully placed on the market before that date may
be marketed until their date of minimum durability

The EFFA (European Flavor and Fragrance Association) published an industry-wide guidance document about how to interpret the regulation on February 19, 2009

Please note that this overview has been established with great care based on the Flavor Regulation (EC) No 1334/2008 and the respective EFFA guidance document. As the guidance document is a «living» document and will be updated on a regular basis, deviations from the current interpretation cannot be excluded for the future. Moreover it is ultimately the responsibility of the individual business to ensure their compliance with law. Furthermore we would like to draw your attention to the fact that the EC Flavor Regulation shall apply on 20 January 2011. Until then the current national flavor regulations will continue to apply.
